# VIDIZMO.AI

Handle Every **Piece of Evidence** Without the Headache

Body-cam footage, 911 calls, phone videos, PDFs, crime scene photos, police reports. Keep them all in one place, analyze them, and prep for court in minutes using VIDIZMO Digital Evidence Management System.

Our **Customers**

Why Agencies Pick **VIDIZMO Digital Evidence Management**

Chain of Custody that Doesn't Break
Every view, edit, and export is logged and hash-checked for court-ready proof.

Share Evidence Without the Risk
Give prosecutors or other stakeholders a time-boxed link that shuts itself off.

Find that One **File Fast**
Retrieve the right evidence through faces, tags, spoken words, objects, and text.

Industry Recognitions   Microsoft   Gartner   IDC   FROST & SULLIVAN   @VIDIZMO

VIDIZMO.AI

Hide Sensitive Data
Auto-redact faces, speech, license plates, MDTs, etc., in videos, audio, docs, and images.

Work Across Badges
The **Partner Agency** capability lets county, city, and state units share evidence between them.

Secure by Design

CJIS — CRIMINAL JUSTICE INFORMATION SYSTEMS

FIPS Validated 140-2

NIST

Evidence Piles Up. Drives Fill. Requests Flood In

You spend nights copying USBs instead of closing cases. VIDIZMO Digital Evidence Management System (DEMS) flips that script.

Store
Drop any evidence. Keep evidence safe in your cloud, on-prem, or both.

Protect
Role-based access, multifactor authentication, and full audit trail shield every evidence.

Analyze
Auto-transcribe and summarize evidence, generate case timelines, and draft police reports with VIDIZMO Intelligence Hub.

Share
Move the evidence forward with one-click or time-bound links to keep them secure.

Deploy Anywhere

On-premises   Private Cloud   Hybrid

Ready to See It in Action?

Request a free trial today and handle your digital evidence efficiently with VIDIZMO DEMS. No credit card required.
